Persecution

Red.

The blood on the hands of those who hate, murder, and criminalize sex workers.

...on the hands of those who promote oppressive laws against sex workers.

Red.

The color that filled the Green River with the blood of slain sex workers.

Red.

The blood on the sex worker advocates in Arizona who pricked their fingers and joined their blood in solidarity against violence.

Red.

The color of the blood that flows through our heart...our veins...and gives us life.

Red.

The color of stop signs.

Stop the violence!
